New Forest New Venture Strikes A Chord Of Approval With Everyone?

The first ever BBR 'On the Road' auction @ the pretty New Forest venue certainly went down 'a treat'. I'll say unanimously as there were no moans or groans to myself, or the organisers - unless someone contacted them afterwards. The 'virgin' helpers/ runners did a truly stirring job keeping up AB's lot touting pace.... reeling thro' the 60 lots in just over 30 minutes - all done & dusted. Seven lots were secured by absentee bids. Those prices (above all with 'add ons') bearing an '*' denote postal bidders pushed to their maximum on the day - though a few secured items way, way, way below!

Beauty is in the eye of the beholder & the highest priced lo 60 (above) in the form of the mightily impressive Southampton piece was perhaps nopt everyones taste - but was secured for a new home in the area - to be much appreciated. Meanwhile the latter two black glass forms fared well with considerable competition for new ownership.

Overall a set of results with a number of bargains to keep the bargain hunters happy, regional items taken (staying) back home, and a handful of high fliers to give the excitement & buzz which the auction certainly brought to a great little event in a unique, idyllic, swetting. Rol on next year...
