Lots of local material most staying in the locality!

BBR's first South West 'On the Road' effort drew extra stallholders & visitors for sure resulting in a 'full house' in the main hall.

Unfortunately BBR & the auction were placed in a separate room which was for most of the time deserted. You can't keep keen bottlers down though and they soon appeared, out of the woodwork, as their sale time drew close.

The Price made Exeter lemonade jug (lot 53) which almost sold well below a hundred, until a late bidder joined in - was won at a total of £259.60.

But earlier the fine Torquay narrow neck near the start made £141.60, just beating the early Bristol hamilton @ £118 (going overseas).

There was a late entry (given at Exeter Antiques Fair day before) in the form of an early Torquay Brewery Showcard - which proved the days highest flier @ £519.20 - a speedy return on the finders £50 purchase! Local creams carried down certainly stayed (mostly) back down in their location - plenty more for next year, and the year after - if the Show welcomes us back again. Many thanks to the Club helpers on the day, & Hazel too!
