Several good performers, interspersed with some relative bargains

Certainly an eager audience of both collectors and general public stood, around noon, to witness the start of BBR's 2nd Perth 'On the Road' auction.

Slow to arouse, and at times like the proverbial "pulling of teeth".... there was something there for everyone: stall stock, collection additions, & the results very much the expected 'swings & roundabouts' witnessed across the board worldwide in various collecting fields.

The repaired John Currer g.b. @ £354 revealed just how repairs/ damage continue to effect final sale prices, the overall bottle market remaining ever fussy and selective all round. However, in stark contrast the rear hairlined (but still very rare) John Walker/ Fraserburgh @ £236, eclipsed the mint example sold here last year for just £160.

Advance predictions are nigh on impossible, but these sales effectively continues to disperse much 'fresh to market' material. Roll on next year!
