Sale total: **£14,710**

BBR's best ever Saturday Auction?

Saturday KT works her wonders nowadays in the new salesroom set up with an astute & careful spread of offerings for this bumper, up to 500 lots, offering - selecting an eclectic array of single & group lots along with dealers 'mixed boxes' which demand careful prior scrutiny by prospective purchasers!

We can only sell what's entered, each sale can vary hugely in content & vary enormously from quarter to quarter, but the 'mixed spread' has become a staple hunting ground for those keen to maintain levels of stall stock & for others seeking shelf additions for their collections. You gotta "be init ter winit". The internet remains a valuable tool for those unable to make the journey & attend in person, but floor bidders remain highly successful with no postage to add on to their buys?

Everyone continues to tell me "we must keep the Elsecar flag flying" - ongoing consignments, single items or complete collections, garage clear outs, support this major specialist UK outlet, which in turn keeps our hobby/enthusiasm 'buoyant' & ever exciting.

Most seem to now understand the new catalogue numbering method - Saturday auction lots 1 to 499, and Sunday following on with lots from 500 thro' to whatever total the Sunday sale presents. This enables our easyliveauction back office system to effectively conclude the finances, which in turn we hope will enable **faster pay-outs** to BBR vendors - ever keen to improve efficiency.

We continue to work with the easylive online platform providers and hope to add on further developments which collectors will appreciate. I've used easylive on my phone several times, and it works brilliantly!!! More to come. Stick with **BBR - for collectors, by collectors - tried, tested, trusted.**

ALL BBR Auctions **LIVE ONLINE** with: **LIVE AUCTIONS**

Past BBR catalogues & actual hammer prices can be accessed on: easyliveauction.com - a valuable asset!
